Congressman Blumenauer toured Thetus Corporation's headquarters yesterday in Portland's Old Town District. As part of the growing software sector in the Portland area, Thetus specializes in complex system organization for agencies and companies. The company has been developing rapidly and is quickly outgrowing their current space and personnel. They plan to double their workforce in the next year and are currently renovating an additional floor to add to their operations.

Rep. Blumenauer speaks with Danielle Forsyth of Thetus and Luke Kanies of Puppet Labs

Exploring the space Thetus will expand into
